Enrollment and Accounts

☒ Supervisor Review/audit of Delegate Accounts Number of Delegates allows: 50

☐ Auto Enroll with License Renewal or App

Enrollment Method:

For California licensed providers, CURES provides a strictly paperless, electronic registration for applicants. New registrants must initiate an online registration, and complete an electronic form which includes providing their identification, licensure, and when applicable, their DEA registration certificate. Non-California licensed providers must upload notarized supporting documentation to their electronic form for manual review. Law enforcement and regulatory board applicants must upload required supporting documentation to their electronic form for manual review.

All applicants will receive their CURES application determination via email.

Practitioner IDs for PDMP Account:

DEA Registration Certificate and State License Number.

2 Factor Authentication:

2 factor authentication not offered

Criteria for Dispensers to get account to upload data

State licensure; <https://pmpclearinghouse.zendesk.com/hc/en-us/articles/4413751075731-Data-Submission-Guide-for-Dispensers>

Criteria for Prescriber delegates to get account:

Must qualify as a Delegate pursuant to the requirements of California Code of Regulations (CCR) title 11, Division 1, Chapter 8.5, § 824.1 (a). Must enter into a Delegate Agreement with the Authorizing User pursuant to the requirements of CCR § 824.2 (a). The Delegate and the Authorizing User must then complete the electronic Delegate association process.

Criteria for Dispenser delegates to get account:

Must qualify as a Delegate pursuant to the requirements of California Code of Regulations (CCR) title 11, Division 1, Chapter 8.5, § 824.1 (a). Must enter into a Delegate Agreement with the Authorizing User pursuant to the requirements of CCR § 824.2 (a). The Delegate and the Authorizing User must then complete the electronic Delegate association process.

Criteria for PAs to get account:

PA License, valid DEA registration certificate.

Criteria for Nurse Practitioners to get account:

NP License, valid DEA registration certificate.

Criteria for other users to get account:

State professional licensure (as a Dentist, Naturopathic Doctor, Optometrist, Osteopathic Doctor, Podiatrist, or Veterinarian) and DEA Registration Certificate.

Requirements for Patients to get PDMP Report:

Either a completed and notarized "CURES 101 Information Practices Act Individual Request Form" or a completed and notarized "CURES 201 Information Practices Act Representative Request Form.

Requirements for others to get PDMP Report

Criteria for Online Non-healthcare accounts:

Licensing/Regulatory Board Investigators - A Regulatory Agency officer or employee can access CURES, or request data from CURES, on behalf of that Regulatory Agency.

Medical Examiners/Coroners - A Law Enforcement Agency officer or employee can access CURES, or request data from CURES, on behalf of that Law Enforcement Agency.

<input checked="" type="checkbox"/> PDMP users validated with State Licensing Board File	users without DEA #:	Practitioner is validated against the applicable licensing board at the time of registration. Each Non-DEA Practitioner is asked to provide the following information: a) Personal Information i) First Name and Last Name ii) Date of Birth b) Licensing Information i) Identification Number (1) Social Security Number (SSN) (2) Individual Taxpayer Identification Number (ITIN) ii) Licensing Board iii) Category of Licensure iv) State License Number

Enrollment Mandates

Dispenser - Mandatory PDMP Enrollment

Prescriber - Mandatory PDMP Enrollment

Effective Date(s): January 1, 2014 (when provision became effective; practitioners have until July 1, 2016 to comply)

Details:

All California licensed pharmacists upon licensure are required to register for access to CURES. All California licensed health care practitioners authorized to prescribe, order, administer, furnish, or dispense Schedule II, III, IV, or V controlled substances in California, upon receipt of a federal DEA registration certificate, are required to register for access to CURES.

Use Mandates

Prescriber - Mandatory PDMP Use

Effective Date(s): October 2, 2018; September 1, 2023

Details:

Prescribers are required to consult the CURES database prior to prescribing a Schedule II, III, or IV controlled substance to a patient for the first time and at least every 6 months thereafter if the substance remains part of the patient's treatment.

© The duty to consult the CURES database, as described in subdivision (a), does not apply to a health care practitioner in any of the following circumstances:

(1) If a health care practitioner prescribes, orders, or furnishes a controlled substance to be administered to a patient in any of

the following facilities or during a transfer between any of the following facilities, or for use while on facility premises:

(A) A licensed clinic, as described in Chapter 1 (commencing with Section 1200) of Division 2.

(B) An outpatient setting, as described in Chapter 1.3 (commencing with Section 1248) of Division 2.

© A health facility, as described in Chapter 2 (commencing with Section 1250) of Division 2.

(D) A county medical facility, as described in Chapter 2.5 (commencing with Section 1440) of Division 2.

€ Another medical facility, including, but not limited to, an office of a health care practitioner and an imaging center.

(F) A correctional clinic, as described in Section 4187 of the Business and Professions Code, or a correctional pharmacy, as described in Section 4021.5 of the Business and Professions Code.

(2) If a health care practitioner prescribes, orders, administers, or furnishes a controlled substance in the emergency department

of a general acute care hospital and the quantity of the controlled substance does not exceed a nonrefillable seven-day supply

of the controlled substance to be used in accordance with the directions for use.

(3) If a health care practitioner prescribes, orders, administers, or furnishes buprenorphine or other controlled substance containing buprenorphine in the emergency department of a general acute care hospital.

(4) If a health care practitioner prescribes, orders, administers, or furnishes a controlled substance to a patient as part of the patient's treatment for a surgical, radiotherapeutic, therapeutic, or diagnostic procedure and the quantity of the controlled substance does not exceed a nonrefillable seven-day supply of the controlled substance to be used in accordance with the directions for use, in any of the following facilities:

(A) A licensed clinic, as described in Chapter 1 (commencing with Section 1200) of Division 2.

(B) An outpatient setting, as described in Chapter 1.3 (commencing with Section 1248) of Division 2.

© A health facility, as described in Chapter 2 (commencing with Section 1250) of Division 2.

(D) A county medical facility, as described in Chapter 2.5 (commencing with Section 1440) of Division 2.

€ A place of practice, as defined in Section 1658 of the Business and Professions Code.

(F) Another medical facility where surgical procedures are permitted to take place, including, but not limited to, the office of a health care practitioner.

(5) If a health care practitioner prescribes, orders, administers, or furnishes a controlled substance to a patient who is terminally

ill, as defined in subdivision © of Section 11159.2.

(6) (A) If all of the following circumstances are satisfied:

(i) It is not reasonably possible for a health care practitioner to access the information in the CURES database in a timely

manner.

(ii) Another health care practitioner or designee authorized to access the CURES database is not reasonably available.

(iii) The quantity of controlled substance prescribed, ordered, administered, or furnished does not exceed a nonrefillable seven-day supply of the controlled substance to be used in accordance with the directions for use and no refill of the controlled substance is allowed.

(B) A health care practitioner who does not consult the CURES database under subparagraph (A) shall document the reason they did not consult the database in the patient's medical record.

(7) If the CURES database is not operational, as determined by the department, or cannot be accessed by a health care practitioner because of a temporary technological or electrical failure. A health care practitioner shall, without undue delay, seek to correct the cause of the temporary technological or electrical failure that is reasonably within the health care practitioner's control.

(8) If the CURES database cannot be accessed because of technological limitations that are not reasonably within the control of a health care practitioner.

(9) If consultation of the CURES database would, as determined by the health care practitioner, result in a patient's inability to obtain a prescription in a timely manner and thereby adversely impact the patient's medical condition, provided that the quantity of the controlled substance does not exceed a nonrefillable seven-day supply if the controlled substance were used in accordance with the directions for use.
