## Enrollment and Accounts

☐ Supervisor Review/audit of Delegate Accounts    Number of Delegates allows:

☒ Auto Enroll with License Renewal or App

Enrollment Method:

All enrollment in the WI ePDMP is web-based. WI-licensed users are verified via webservice with the state licensing file and, if appropriate, DEA file.

Practitioner IDs for PDMP Account:

DEA controlled substance registration number; Licensing Board number;

2 Factor Authentication:

2 factor authentication not offered

Criteria for Dispensers to get account to upload data

Licensed as a pharmacy in Wisconsin (in-state or out-of-state) or a practitioner who dispenses controlled substances as part of his or her practice.

Criteria for Prescriber delegates to get account:

Prescriber must create the delegate account online or link an existing delegate account to his or her prescriber account.

Criteria for Dispenser delegates to get account:

Pharmacist must create the delegate account online or link an existing delegate account to his or her pharmacist account.

Criteria for PAs to get account:

Licensed in Wisconsin or another state and recognized in Wisconsin as a person authorized to prescribe and administer controlled substances.

Criteria for Nurse Practitioners to get account:

Licensed in Wisconsin or another state and recognized in Wisconsin as a person authorized to prescribe and administer controlled substances.

Criteria for other users to get account:

Be a prosecutorial unit (DA), medical coordinator, or be licensed in WI as a registered nurse, substance abuse counselor, therapist with a certification in substance use disorders.

Requirements for Patients to get PDMP Report:

Appear in person with two forms of ID or mail in a notarized request with copies of two forms of ID.

Requirements for others to get PDMP Report

Criteria for Online Non-healthcare accounts:

Licensing/regulatory Board investigators, Law Enforcement investigators (federal, state, and local), Medical Examiners/coroners

## Use Mandates

### Prescriber - Mandatory PDMP Use

Effective Date(s): April 1, 2017; OTPs October 25, 2021

#### Details:

Required to check record prior to issuing a prescription. Does not apply if the patient is receiving hospice care, the prescription is for a number of doses that is intended to last the patient three days or less and is not subject to refill, the substance is directly administered to the patient, emergency circumstances prevent practitioner from reviewing prior to issuing a prescription.

WI ADC s DHS 75.59 Opioid treatment program.

(25) PRESCRIPTION DRUG MONITORING PROGRAM.

(a) Policy and Procedure. The service must develop and maintain a policy and procedure that requires the ongoing monitoring of the data from the prescription drug monitoring program (PDMP) for each patient. The policy and procedure must include how the service meets the requirements in par. (b).

(b) Requirements. If a medication used for the treatment of substance use disorder is administered or dispensed to a patient, the OTP shall be subject to the following requirements:

1. Upon admission a patient must be notified in writing that the medical director must monitor the PDMP to review the prescribed controlled drugs a client received.

2. The medical director or the medical director's delegate must review the data from the PDMP before the patient is ordered any controlled substance including medications for maintenance therapy, and subsequent reviews of the PDMP data must occur at least every 90 days.

3. A copy of the PDMP data reviewed must be maintained in the client's file.

4. When the PDMP data contains a recent history of multiple prescribers or multiple prescriptions for controlled substances, the physician's review of the data and subsequent actions must be documented in the patient's file within 72 hours and must contain the medical director's determination of whether the prescriptions place the patient at risk of harm and the actions to be

taken in response to the PDMP findings. The provider must conduct subsequent reviews of the PDMP in these circumstances on a monthly basis.

5. If at any time the medical director believes the use of the controlled substances places the patient at risk of harm, the service must seek the patient's consent to discuss the patient's opioid treatment with other prescribers and for other prescribers to disclose to the OTP's medical director of the client's condition that formed the basis of the other prescriptions. If the information is not obtained within 7 days, the medical director must document whether or not changes to the client's medication dose or number of unsupervised use doses are necessary until the information is obtained.
