Conference Call Agenda/Minutes

➤ Roll Call

Quorum established.

➤ Approval of Minutes from 7-20-2020

Motion to approve the minutes was made by Becky Poston (FL); seconded by Jen Marlowe (ME).
Unanimously accepted.

➤ Update from Patient Matching Working Group

Kevin Borchert (NE) related the details from the last workgroup call. The workgroup is exploring using a data set and getting the data keys from entities participating in an ONC patient matching project.

➤ Goals for Subcommittee

Primary Goals

- Identify Functionality for data sharing hubs
- Explore best practices in EHR integration/interstate data sharing queries
- Explain challenges/opportunities in multi-state health system rules sets in different states

Secondary Goals

- Explore engaging pharmacy partners to improve data on front end
- Document previous work that proved the feasibility of hub to hub interoperability. Consider whether this should be a standard.

Kevin Borchert (NE) reviewed the above goals and asked for input from the subcommittee members on best way to accomplish the goals. Group agreed to address the goals in the above order on future meetings; starting with 'identify functionality for data sharing hubs'. To begin the discussion, it was decided that an 'orientation' will be organized: high-level overview of how the hubs works (both interstate and integration), tracking/auditing, administrative console, etc. Jean Hall (KY) will coordinate this.

➤ **PMIX Website**

TTAC mentioned that the workgroup is revising several webpages and will have samples available for viewing by next meeting.

➤ **Other Business**

Jean Hall (KY) mentioned that new PMIX schema proposals will be sent out shortly.

➤ **Next Meeting – Monday, September 21st at 1p ET**

➤ **Action Items**
